Executive Council Meeting
September 16, 2005
12:00 – 12:40 p.m.

In attendance: Kathleen Berkeley, Tricia Kelley, Dale McCall

Executive Council met to prepare for upcoming meeting with Provost Paul Hosier, scheduled for 9/20/05.

Council discussed draft of 1-page précis, including ELC history and rationale, written for Provost by KB. PK, DM suggested revisions to wording and addition of section listing items for which UNCW financial support might be requested (including support for visiting scholars, Cahill awards designated for “Darwin Scholars,” publicity, course reduction for those involved in administering the program). KB agreed to revise statement for distribution to PK, DM prior to meeting with Provost.

Council decided that, in addition to presenting material from the précis, meeting with Provost should include discussion of how to proceed with presenting ELC plans to other UNCW administration (Chancellor, deans).
